# Those Who Inspire Us...

We're greeting you in a single purpose, to please you by sharing our love for cheese and the culinary richness of our region, in a familial and cosy atmosphere.

We've carefully chosen every single one of our suppliers, which are in reality true partners, themselves driven by the passion of their job and by the quality of their products. All our meats are cooked slowly in a « smoker », which give this taste so characteristic and allow to combine grilled and tenderness at the same time

We mature ourselves our cheeses, to suggest them to you at the right moment, when your taste buds will enjoy it the most!
